# Amplify Classwork in Schoology: 2023–24

Grade-syncing saves time by providing middle-school teachers a way to quickly send numerical scores from Amplify Classwork to their Schoology gradebook! Follow these steps to set up grade sync and sync scores.

## Set up

- Create a course.
- Under "Grade Setup," set grading categories for the course and select the star to create a default category.

| Categories 🕐 | Veight Categories |        |        | + Add |
|--------------|-------------------|--------|--------|-------|
| Category     |                   | Weight | %      |       |
| Classwork    |                   | 50     | 50.00% | *     |
| Homework     |                   | 50     | 50.00% | 俞     |

• Add the Amplify Classwork App as a Material in each Schoology course for which you want to sync grades from Amplify to Schoology.

- During only the first sync, **Grant Access** in Schoology. (This enables grade-syncing permissions for Amplify.)
- Repeat these steps for each course for which you would like to sync grades.

Note: You'll follow these steps again for new courses during the second semester.
