## Pick-a-Card: Onset-Rime Blending Accuracy

**Goal:** Given a spoken onset and rime, the student can blend them into a word.

**In a Nutshell:** (5–8 minutes)

Students will practice blending onset and rime using the Pick-a-Card poem, based on the rhythm from *Brown Bear, Brown Bear, What Do You See?* by Bill Martin, Jr.

### MATERIALS

Picture cards: *bag, box, door, duck, fish, king, moon, nine, nut, six, watch, yard.*

OR  
Burst Digital Cards  
[burst.amplify.com](https://burst.amplify.com)

### Support

Use one card at a time without the poem. Have students say the word, the onset-rime, and the word again. You can also have them identify the first sound in the word and then chunk the rest of the word with them.

### Challenge

### PREPARE

Gather appropriate picture cards. The poem used in this lesson follows the rhythm established in the book *Brown Bear, Brown Bear, What Do You See?* Students do not have to be familiar with the book to participate in this activity.

### MODEL

1 Select the picture cards *bag, fish, nut.*

2 Today, we are going to do an activity called Pick-a-Card. I am going to say a poem as part of this activity.

When I finish the poem, I would like for you to pick the correct card. My turn first.

Pick a card.

Pick a card.

What do you see?

I see a *fff-ish* in front of me.

Now I will find and point to the picture in the poem, and then say the whole word, *fish*.

### PRACTICE

3 Select three new picture cards or just replace *fish*.

Now it's your turn. Listen to the poem first, and then point to the picture you think the poem is about and say the word. Call on a student to begin.

# Amplify Tutoring

- Based in the Science of Reading
- Utilizes mCLASS Intervention:
  - IES Gold Standard
  - ESSA Rated

# Accelerating Literacy in Baltimore: SY 2021-2022

Students well below benchmark in Amplify Tutoring are **closing the gap** at a faster pace than their peers

## Likelihood of Students Scoring Well Below Benchmark Making Above Average or Better Growth, Based on Attendance

October-June

\*attendance =  $\geq 15$  min per session

Students who have higher tutoring attendance are **more likely to make outsized gains and narrow their skills gap** than similarly at-risk peers who attend tutoring less or did not participate

*Data from BCPS*

Amplify.

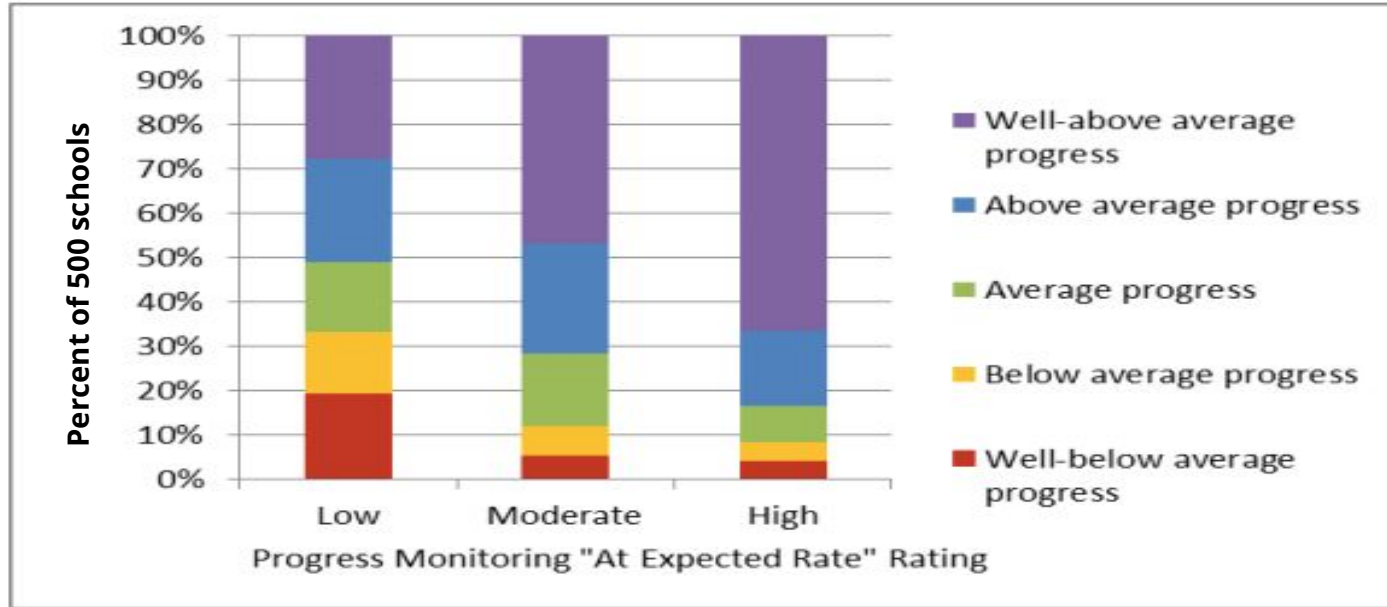

# Amplify Tutoring

- Science of Reading virtual tutoring for K-6 students
- Up to 5 students per tutoring group
- Same tutor, 30 minute sessions, 3 days per week
- Identify students using mCLASS DIBELS 8 assessment data
- Research-backed lessons grounded in mCLASS Intervention and regular progress monitoring

# The Power of Frequent Progress Monitoring

# Transparency and More Data for Schools

## Lessons:

Teachers have **access to all tutors' lessons** through mCLASS Intervention

## Progress Monitoring:

Teachers **see all progress monitoring data** that tutors collect and can use it in their own lesson planning

## Reports:

Schools **regularly receive attendance and progress monitoring data**, which can be triangulated with student growth

# Technology for Amplify Tutoring

**All tutored students will access Amplify Tutoring through Schoology**

Each tutored student will need:

- A device that meets requirements (except iPad)
- A stable wifi connection that meets connectivity requirements
- Headphones for their device

Amplify Tutoring has the same technology requirements as other Amplify products already used in LAUSD.

# Typical Launch Timeline

**Schools that complete these steps earlier may be able to launch sooner**
