

About your PD package

Amplify's professional development packages support strong implementations through a set of two sessions: Launch and Strengthen. These sessions can be delivered on-site or virtually and orient teachers to the full features of your Amplify program. To choose the package that is best for you, consider the outcomes, timing, and modality that you prefer.

About your Launch session

mCLASS® sessions are intended for up to 30 teachers and available for program users of mCLASS® DIBELS® 8th Edition and mCLASS® Lectura. We also offer a biliteracy full-day session that combines training for both DIBELS 8th Edition and mCLASS Lectura assessments. Session-specific agendas and objectives can be accessed at amplify.com/pdprep.

On-site or virtual (3 hours)

Administration and scoring training for teachers

Learn how to administer and score the mCLASS assessment and leave ready to collect data using standardized guidelines.

Administration and reporting training for leaders*

Prepare to implement mCLASS with your school or district. Determine systems-level actions that will ensure assessment fidelity and leave ready to leverage key admin reports to support data-informed decision making.

On-site (6 hours) or virtual (two sessions, each 3 hours)

About your Strengthen session

When you're ready to deepen instructional practices, you will choose from our curated on-site or virtual Strengthen sessions. While you should consider the length and modality that fit your school year, we know that the needs of your teachers may change. The session topic can therefore be chosen when you're ready to schedule. Assessment Strengthen sessions should be scheduled after the most recent benchmark window has closed for participants to work with their own data.

On-site or virtual (3 hours)

Creating a data-driven classroom for teachers*

Dive deep into mCLASS reports and instructional recommendations to drive stronger student outcomes in your classroom. You will leave ready to leverage mCLASS progress monitoring and grouping tools to support a robust MTSS program.

Building a data-driven culture for leaders*

Cultivate a schoolwide culture of data-driven practices. Use mCLASS reports to drill into key school-level data and leave with a systems-level action plan to drive stronger student and teacher outcomes.

Virtual (1 hour)

Strengthen Focus: Assessing with fidelity for teachers*

Fortify your mCLASS assessment administration with trainer-led practice targeted to your unique needs.

Strengthen Focus: Reporting and instruction basics for teachers*

Learn how to use mCLASS classroom reporting, instructional tools, and resources to accelerate data-driven student outcomes.

Strengthen Focus: Progress monitoring for teachers*

Implement mCLASS progress monitoring and MTSS best practices to track student progress and accelerate growth

Strengthen Focus: Reporting basics for leaders*

Examine your school-level mCLASS benchmark assessment data to identify key levers for improving student outcomes.

Strengthen Focus: Goal setting and growth outcomes for teachers (Practice)*

Learn how to use mCLASS Goal Setting and Growth Outcomes reports to set meaningful, ambitious, and attainable goals that drive student progress and growth.
