Welcome

Dear Amplify CKLA educator,

Thank you for including Core Knowledge Language Arts as an integral part of your literacy curriculum. Amplify partnered with the Core Knowledge Foundation to bring you a program with a content-rich knowledge sequence and systematic approach to foundational skills, based on the research of some of the most prominent cognitive scientists and leading experts in education.

This guide will help you in the earliest days of your implementation, from receiving your materials to the first day of instruction. As always, we will support you every step of the way. Our team shares your goal of improving student outcomes.

Sincerely,

Susan Lambert

Chief Academic Officer, Literacy

Host of Science of Reading: The Podcast

Before the materials arrive

Get to know the program

The different components at each grade level are shown below to give an overview of the program structure.

The images on the following pages are organized into two categories: components included in the Complete Classroom Kit and components sold separately. Based on the packages your district/school ordered, you might not receive every component shown on the following pages.

PreK

Complete Classroom Kit

A book cover featuring a young boy with a surprised expression.

Flip Books (7)

A book cover titled 'Classic Tales Big Book' showing a girl reading.

Big Book (1)

A book cover titled 'Nursery Rhymes and Songs Posters' showing a boy singing.

Poster Set (1)

A book cover titled 'Domain 4: Plants' showing a girl in a field of sunflowers.

Teacher Guides (7)

A book cover titled 'General Overview Page' showing a group of diverse children.

General Overview (1)

A book cover titled 'Core Knowledge Language Arts Image Cards' showing various small images of children.

Image Card Set (1)

A book cover titled 'Core Knowledge Language Arts Transition and Learning Center Cards' showing small images of children.

Transition and Learning Center Cards Set (1)

Two book covers: 'Sunflower House' and 'Is Your Mama a Llama?'.

Trade Books (18)

Before the delivery

The materials will be shipped either directly to your school or to your district's warehouse for distribution by your district, as determined by previous communication with our implementation team. There may be a large number of boxes, depending on the size of your order.

How to prepare:

- ✓ Visit learning.amplify.com/pdlibrary and navigate to your desired Amplify CKLA grade span to learn more about your Amplify CKLA materials.
- ✓ Ensure that there is enough space to receive and sort the order.

Delivery and organization

Step 1: Sort delivery by classroom or grade level.

How you organize your shipment when it arrives depends on the delivery method you chose during the implementation process. Most program boxes are pre-packed and labeled, so you can easily identify the grade level and contents and check them against the inventory list found on the following pages. Some products may be packed in mixed cartons at the time of fulfillment. This is necessary in order to pack each order with the exact number of student books required.

Packing slips will be within an adhesive envelope on top of one of the boxes in each shipment. Additionally, mixed cartons of overages are boxed by grade and these mixed cartons will include a packing slip that identifies the products in that box. If you are not receiving freight delivery, the materials can be quickly sorted using the information on the color-coded labels. The labels list the grade, strand, and component inside the box.

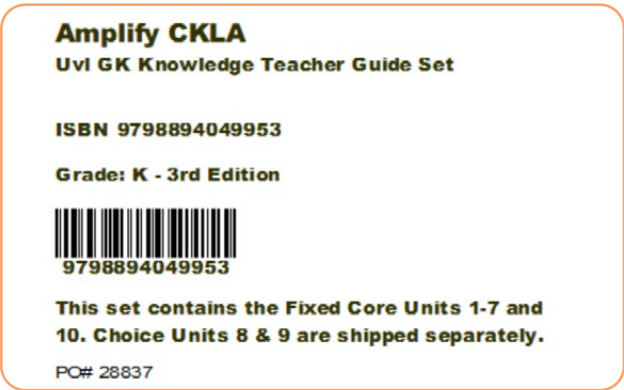

Amplify CKLA 3rd Edition gives schools and districts more instructional flexibility with two Choice Units per grade, each offering two options. Your school or district selected two of the four Choice Units in each grade. As you sort materials, you'll see boxes labeled **Fixed Core Units** (used in all classrooms) and **Choice Units** (based on your site's selections). You'll only receive materials for the selected Choice Units.

All Choice Unit materials appear in this guide, but **only two of the four Choice Units per grade will apply to your shipment.**

Use the sample labels below to locate your Choice Unit boxes. Then, confirm that the materials in those boxes match the specific Choice Units your site selected. If you're unsure which units were chosen, check with your site administrator before proceeding.

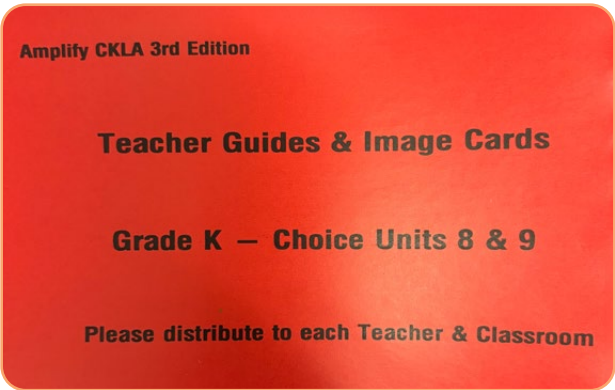

Sample box label: Fixed Core Units

Boxes with labels like the one below contain core instructional unit materials.

Sample box label: Choice Units

Boxes with labels like the one below (color-coded by grade) contain your site's selected Choice Unit materials.

Step 2: Unbox.

Once the boxes are sorted by grade or classroom, use this guide to help with organizing and taking inventory of the materials. On the top or side of some key interior boxes, there will be a complete list of the components inside. This will help you find what you need more quickly.

Step 3: Take inventory.

To ensure you have all the print materials you need for instruction, use the inventory list on the following pages. We do our best to ensure that each component is in the correct box, but if you find any missing or damaged components, please contact our support team as soon as possible after delivery. Per our Terms & Conditions: Upon acceptance of such Products, orders are nonrefundable, non-returnable, and non-exchangeable, except in the case of defective or missing materials reported by Customer within 60 days of receipt.

Identify your school’s Choice Unit boxes

Your school should receive materials for one selection per **Choice Unit**. As you inventory, **check only the materials aligned with your site’s selected units**. Look for boxes labeled Choice Unit (see sample labels on page 12) to know where you can expect these materials.

Identify your school's Choice Unit boxes

Your school should receive materials for one selection per **Choice Unit**. As you inventory, **check only the materials aligned with your site's selected units**. Look for boxes labeled Choice Unit (see sample labels on page 12) to know where you can expect these materials.
