BRINGING  
THE  
Science  
OF  
Reading  
TO LAUSD!

LAUSD TK-6 ELA PILOT

# Inventory guide

# Welcome

Dear LAUSD educator,

Thank you for choosing to pilot our elementary core ELA solutions. We partnered with some of the most prominent cognitive scientists and leading experts in education to bring you a content-rich, systematic, and engaging curriculum that ensures all LAUSD students have a chance to make significant leaps in their literacy journey.

This guide will help your campus personnel and classroom teachers receive and organize the materials included in your shipment. As always, we will support you every step of the way. For immediate concerns, including missing or damaged materials, please contact our Educational Support Team at (800) 823-1969, Monday through Friday, 7 a.m. to 7 p.m. ET, or [edsupport@amplify.com](mailto:edsupport@amplify.com).

Sincerely,

The Amplify California team

# Campus inventory resources

## Step 1: Confirm receipt of your materials.

A **customized inventory tracker link** was included in both the *delivery scheduled* and *delivery confirmed* emails sent to the campus contact specified on your PO. To find these emails, look for the subject line **"Your Amplify CKLA Order."**

We recommend that you **download and print this tracker** along with the packing lists before your delivery arrives.

About Your Order

Thank you for your order. Your materials will be delivered in a series of shipments. The Order Summary section shows the status of each delivery as shipments become available. The Details section displays the full set of the products to be shipped. As items are shipped the status will change.

In the meantime, if you have any questions or concerns, please feel free to contact Amplify Materials Support at 1-855-678-5561 or help@amplify.com.

Ordered item on PO

Shipped product on packing list

Once your shipment arrives, verify that all of the shipped materials are accounted for. We recommend that you **count and compare the number of boxes you received with the total number of boxes identified on the packing lists**. Total box counts are organized on the packing lists by distribution center and can be found in the following locations:

- Wards—see “Total cases” on the last page
- H2M—see “Total parcels shipped” on the top right of each page
- LSC—see “Carton quantity” on the first page
- BR—see “Total shipped” on the bottom right of the page

Lastly, **verify that all the items on your PO are included in your shipment**. Then, check off the ordered items from your PO via a “Goods Receipt” in the LAUSD system.

**Step 2: Organize program materials by grade level.**

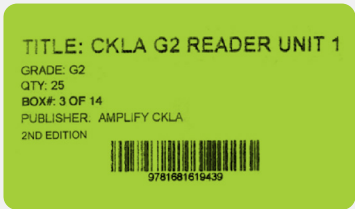

How you organize your shipment when it arrives depends on the delivery method you chose during the ordering process.

- **For freight deliveries**, you can expect your materials to be organized on separate pallets by grade level.
- **For other delivery types**, use the information on the color-coded box labels to sort your materials into grade levels. Each label lists the grade, strand, component, and box number of each kit.

**Step 3: Sort and distribute materials to classrooms.**

In grades K–2 the two strands, Skills and Knowledge, are divided into two sets containing multiple boxes. The labels on the boxes indicate the strand and the box number.

Both strands = one complete kit			
Grade level	# of Skills boxes	# of Knowledge boxes	Total # of boxes
K	19	5	24
1	16	5	21
2	14	5	19

The sample label to the left is from Box 3 of 14 from the Skills strand. For grade 2, there will be an additional five boxes of Knowledge strand materials for a total of 19 boxes for one grade 2 classroom.

In grades 3–5, the strands are integrated into single units.

Integrated strands = one complete kit	
Grade level	Total # of boxes
3	26
4	20
5	21

# Classroom inventory resources

The following pages are designed to help classroom teachers inventory and organize their grade-level materials.

For each grade, we've provided:

- A reference image for easy identification.
- The name of the component.

Note: Your campus may or may not have received Transitional Kindergarten materials and/or our Spanish-language program, Caminos. These were only shipped to those schools that purchased them separately.

# Digital curriculum access

Once your campus has completed its digital entitlement, materials and resources will be accessed from Schoology.

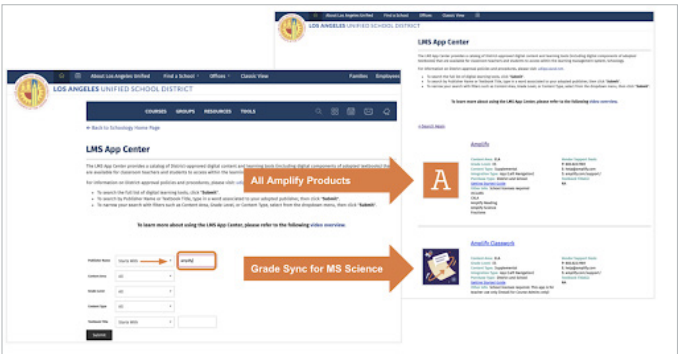

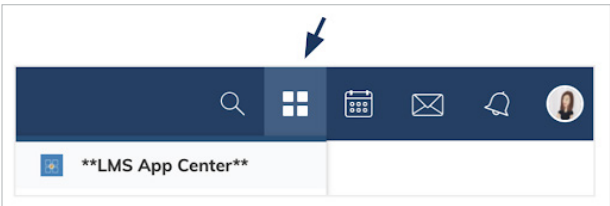

Once the Amplify app has been added to your Schoology account, one click will take you to [my.amplify.com](https://my.amplify.com), where you can now access all of your Amplify materials, including the following:

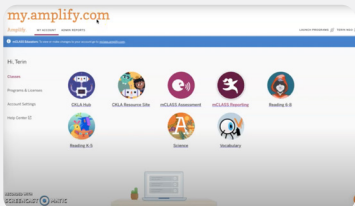

- mCLASS® assessment
- mCLASS® reporting
- Amplify Reading
- mCLASS® Math
- Fractions
- Amplify Science
- **NEW!** Amplify CKLA for grades TK–5
- **NEW!** Amplify ELA for grade 6

## Getting started

To get started, simply locate the “waffle” at the top right of the Schoology screen and select “LMS App Center.”

Then, search for “Amplify” under “Publisher Name” and the available apps will appear.

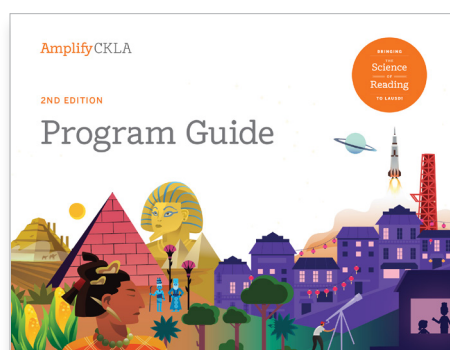

**Watch this short video** for a quick walkthrough of Amplify on Schoology.

# Implementation sessions

Implementation training sessions are currently being scheduled for LAUSD campuses. These sessions are designed to help orient you to the program and deepen your understanding of how and why the program works.

**To learn more about available training dates and how to register for these sessions, please contact Susan Spillane at the LAUSD Division of Instruction.**

If you're eager to learn more ahead of your implementation training, check out the following resources:

[Amplify CKLA Program Guide for grades K–5](#)

[Amplify Caminos Program Guide for grades K–5](#)

[Amplify ELA Program Guide for grade 6](#)

For more information, call **(800) 823-1969**  
or visit **amplify.com**.
