

# Upgrading your mCLASS enrollment experience

## Providing unique student emails

Follow these simple steps, if you've been notified (via email) that your school/district is required to provide unique student emails.

View an example of [how to include the unique student email and format the Student File](#).

### INSTRUCTIONS

1. In the SSE Student File under Column Header: Student\_Email.
2. Enter a current unique email address for each of the students.
3. The student e-mail is a requirement in Amplify Enrollment systems, for customers authenticating using district single sign-on (SSO) as well as students who will access Amplify Core Curriculum and Supplementals.
4. Upload the file via SSE for current school year, i.e. 2024-2025.
