

Why choose Amplify Texas ELAR and SLAR?

The HQIM curriculum Texas educators trust

Amplify's HQIM curriculum has been rigorously vetted, widely adopted, and proven effective in classrooms throughout Texas since 2020.

- **1M+** students served
- **400+** district partners—from Dallas ISD to Freer ISD
- **50+** Texas-based Amplify team members
- **21.5K+** educator support requests answered
- **100+** on-demand professional learning resources—continuously expanding to meet educators' needs
- **1.6K+** PD sessions delivered annually—with more each year to support Texas teachers and leaders

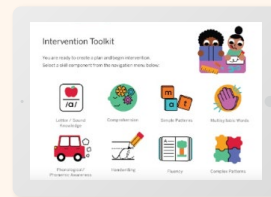

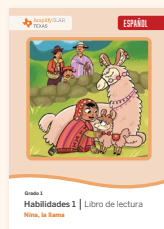

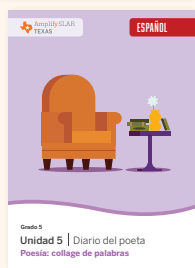

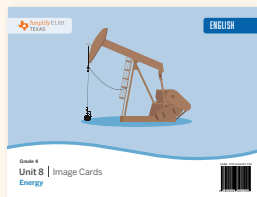

Proven to work for Texas classrooms

Built with Texas educators, Amplify Texas ELAR and SLAR meet state standards, support teachers, and strengthen students' reading skills.

Resources Texas educators love:

- Editable slides for every lesson
- STAAR-aligned Exit Tickets
- Texas assessment alignments for both print and digital (QTI)
- Caregiver Guides focused on literacy development
- A growing Amplify Texas PD Library with hundreds of on-demand resources including lesson internalization tools and a Biliteracy Implementation Guide

100%
TEKS
aligned

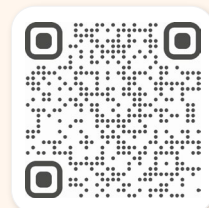

A comprehensive biliteracy core curriculum

**Built for Texas. Proven in classrooms.
Trusted by educators.**

- Texas' first HQIM-vetted K–5 programs aligned to the **Science of Teaching Reading (STR)** legislation
- Designed to strengthen foundational skills—now including **new Grade 3 ELAR Skills!**
- Built on decades of research to **deepen knowledge** and develop strong readers
- Parallel K–5 core programs in **English and Spanish**

Review our new
IMRA-approved
skills programs
in English and
Spanish—rated
**perfect on the
Quality Rubric!**
