Summer Benchmark

mCLASS Summer Benchmark

The mCLASS **Summer benchmark window** will be available in the assessment system for the dates selected on your Reading Camp Survey. We will be using the same process as the previous two years, we will not be using Progress Monitoring.

The pre-assessment for Reading Camp will be the student mCLASS EOY Composite score.

The post-assessment for Reading Camp will be Summer Benchmark in mCLASS. The Summer Benchmark window is accessed the same way BOY, MOY, and EOY are, under mCLASS Assessment on the teacher device.

Reading Camp Assessment

- Grade level EOY forms are used during the Summer window
- Both DIBELS 8 Benchmark and Progress Monitoring measures are available to administer during the Summer window
- Once all DIBELS 8 Benchmark measures are completed in the Summer window, a Composite score appears on teacher's device
- This year, student data will also be available in **classroom reporting**
- Composite score calculation is the same that is used during EOY
- Summer benchmark goals are the same as EOY benchmark goals

Accessing Assessments and Materials

Accessing the Assessment

Teachers will access the Summer Benchmark in the Assessment platform.

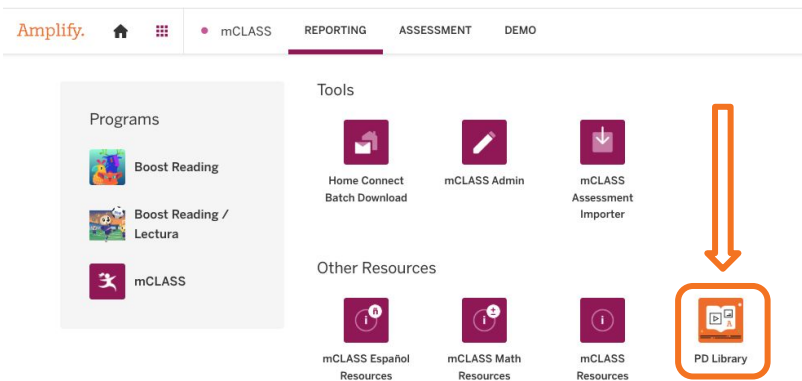

EOY assessment materials will be used for the Summer benchmark. The teacher's device will be updated with correct assessment. Students should be provided the EOY Benchmark forms for the grade level they are currently enrolled in for the 24-25 SY.

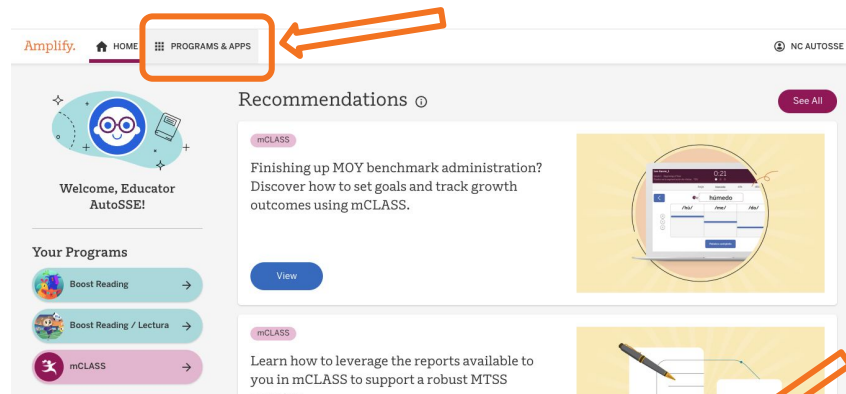

Accessing Assessment Materials

Student materials can be found by accessing the Programs & Apps Menu, clicking on the PD Library, and then going to the mCLASS section.

Step 3:

Platform Navigation Update!

July 1 Amplify will be launching navigation updates to streamline the experience for all educators and students. Please note no functionality of the assessment system is changing- we are just improving your experience with a new navigation bar.

The screenshot displays the mCLASS Bilierty interface. At the top, there are tabs for Reporting, Assessment, and Intervention. Below these, a dark bar contains 'English Classroom Reporting' and 'Spanish Classroom Reporting'. The main navigation bar is purple and includes 'Benchmark', 'Progress', 'Instruction', 'Home Connect', and 'Dual Language'. A sidebar on the left contains icons for home, school, report card, assessment, and user profile. The main content area shows a table of assessment results for 'Class Summary'.

Grade 2 and 3: Maze

Students will login to NCEdCloud to access Maze online in Summer benchmark as they do all other benchmark periods.

Reading Camp: Data Reporting Updates

NEW for the 24-25 Summer Window, reporting will be available in the **classroom reporting view!**

Reading Camp data will **not** be available in any reports within the Reporting and Analysis (RAS) Suite (including the Download Your Data (DYD) raw extract).

Data will be **viewable and printable** for staff **at the classroom or group level** and viewable on the assessment app.

Amplify will still send NCDPI official Reading Camp data, but districts and schools are now able to use these reports to support internal and home/guardian reporting needs.

Class Summary: prints only the class/group assessment data (composite and measures)

All Student Summaries: prints individual student data (one student per page and includes all TOY data, composite and measure level)

All PM Graphs: prints individual student PM data (one student per page and includes measures administered)

Reading Camp: Data Reporting

- Custom data reporting post-Reading Camp by Amplify
 - Reports will be sent to NCDPI
 - This is not an immediate data transfer
 - Amplify sends NCDPI data 4 times throughout the summer
 - NCDPI will distribute to districts/charters
- mCLASS Reporting:
 - Student data **is** available in the **teacher view** on the mCLASS assessment app.
 - Summer Benchmark data is **not** available in the Reporting Suite.
 - Summer Data **is** available in **Classroom Reporting**.
 - **No** raw extracts/CSV reports are available.

Enrollment Methods

Creating School Level Groups

Each school is hosting their own Reading Camp

Creating School Level Groups

Teachers, Admin, and Specialists are all able to create groups in mCLASS.

It is a charter's decision on whether the **Reading Camp coordinators** create groups for their site, or the **Reading Camp Teachers** create their own group

Creating School Level Groups

The screenshot displays the Amplify mCLASS interface. At the top, the navigation bar includes the Amplify logo, a home icon, and a 'PROGRAMS & APPS' menu item, which is highlighted with an orange box and an arrow. Below the navigation bar, a blue header area shows a user profile icon, the greeting 'Good morning, teacher Susan!', and links for 'Calendar', 'Resources', and 'Student Home'. The main content area is divided into several sections: 'Recommendations' on the left, 'Programs' in the center, 'Tools' on the right, and 'Other Resources' at the bottom right. The 'Recommendations' section features an 'EMOJI POLL RESULTS' table and a 'GET STARTED' button. The 'Programs' section lists 'Boost Reading', 'Boost Reading / Lectura', and 'mCLASS'. The 'Tools' section includes 'Administrator Reports', 'Home Connect Batch Download', 'mCLASS Admin', and 'mCLASS Assessment Importer'. The 'Other Resources' section lists 'mCLASS Español Resources', 'mCLASS Math Resources', 'mCLASS Resources', and 'PD Library'. An orange callout box on the right side of the interface provides instructions on how to access the 'mCLASS Admin' tool.
